Allowable Subject Matter

1. Claims 1-5, 7-14, 16 and 17 (renumbered 1-15) are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a data selection apparatus comprising: search units each of which includes table search circuits and a first circuit which performs a first selection process in which a table search circuit which outputs data is selected from table search circuits each of which succeeds in a search based on input data; and a second circuit which performs a second selection process in which each unit which output data is selected from search units, each of which includes a table search circuit which succeeds in a search wherein, when the first circuit receives a first signal which indicates that there is a table search circuit which succeeds in a search, the first circuit sends a second signal to the second circuit before performing the first selection process, the second signal indicating that there is at least one table search circuit which succeeds in a search; the second circuit performs the second selection process when the second circuit receives the second signal; and a search unit which is selected by the second selection process outputs data, as recited in independent claims 1, 7, 13 and 16.
3. .Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
